

GenAir Compressed Air 2000 Litre Horizontal Air Receiver

GenAir's horizontal air receivers offer a robust and transportable solution for compressed air storage, ideal for supporting high-demand operations and maintaining consistent pressure across site equipment.

Our 2000L horizontal air receivers are a strong choice for projects requiring additional storage and steady performance, particularly where equipment layout or access makes a horizontal unit more suitable.

This unit includes **3 × 2" BSP inlet/outlet connections**, a wet weight of **1475kg**, and overall dimensions of **2440mm (L) x 1700mm (W) x 1800mm (H)**.

All of our equipment is fully maintained by our team of specialist compressor engineers and supported with a full range of ancillaries and complimentary products including dryers, generators, lighting towers and bowsers, with national coverage from our depots in Wednesbury, Uxbridge and Broxburn.
